

# Your Next Gen Action Steps!

## NurseThink® Testing is leading the way in Clinical Judgment!

We are committed to making sure that our nationally benchmarked Clinical Judgment Exams (CJEs) are fully focused on what is needed by today's nurse and subsequently today's student. We offer 42 CJEs in 14 specialty areas for Registered Nursing (RN) programs and 18 CJEs in 6 specialty areas for Practical Nursing (PN) programs. Both RN and PN CJEs also include three comprehensive readiness exams. Additionally, we provide a question bank of high-quality test items for faculty to use on their own exams or assignments: 1400+ questions for RN programs and 600+ questions for PN programs! Every exam includes Next Generation NCLEX® (NGN) item types alongside traditional NCLEX® item types, all strongly rooted in the Clinical Judgment Measurement Model (CJMM).

Thank you for joining us!

We are grateful that you are thinking about how to make Clinical Judgment a part of your program's assessment and learning focus. Please let us know what questions you have: [help@nursethink.com](mailto:help@nursethink.com)

## Your NurseThink® Action Steps

**Watch these four CE events** (If you or your school does not have a NurseTim® webinar subscription, please let us know and we will activate these for you for 30 days):
